AMENDMENT

SIR:

In response to the Final Office Action mailed on January 22, 2002 (the three-month response date for which has been extended pursuant to 37 C.F.R. § 1.136(a) by three months from April 22, 2002 to July 22, 2002, by the accompanying Transmittal And Request To Extend), please reconsider the above-identified application based on the following:

IN THE CLAIMS:

Please amend without prejudice claims 1 and 10 as follows:

1. (Thrice Amended) An apparatus for using a service made available in a telecommunications network, the apparatus comprising:

- at least one network server having a user interface program;
- a user-side terminal, the user-side terminal being capable of connection to the at least one network server; and
